

ST. CHRISTOPHER'S PRESCHOOL....

A GREAT PLACE TO BE- AND THE FOLLOWING PEOPLE AGREE!

(MARCH 2011)

We love St. Christopher's Preschool because of the things that our daughter has learned and the many ways that she has developed. We also love the school because they went the extra mile to help us through a deployment and make sure that our daughter was doing ok. The staff is amazing and we can't say enough wonderful things about the school.
~ Elizabeth B.

This is my daughter's second year at St. Christopher's Preschool. She loves it so much that she gets upset on the days that she does not have school. She loves the friends she has made, and her teachers and everyone there. The staff is wonderful and they really love the kids. I love all of the great activities throughout the year like the Mother's day tea party, the trike-a-thon, and Christmas pageant. My daughter's 2 years here have been a very positive experience. I would not hesitate to recommend St. Christopher's to anyone, and I welcome any questions a parent might have about our experience. ~ Amanda W. (706-464-0993)

My name is Linzey and this is my first year in the preschool. My son really enjoys his classmates and teachers. I love the closeness of the staff, teachers, and parents. The curriculum is great and structure of the school works well. I am very pleased to have my son in the school and look forward to many more years and subsequent children attending. ~ Linzey R. (210-269-9905)

St. Christopher's is wonderful. I would recommend anyone to enroll their child into the program. They work endlessly to place your child in the correct setting that will encourage growth. St. Christopher's staff provides a level of patience that I am so grateful for. My son has been surrounded by people who truly care and love him. They even throw in a little bit of love for me here and there. LOL! You will not regret the decision of choosing St Christopher's preschool. ~ Adrian F. (254-290-2058)

We cannot say enough good things about St. Christopher's. Everyone has made us feel like part of an extended family, and my daughter wakes up everyday asking if it's a school day. She loves her teachers, her new friends, and the exciting activities. Her transition to "big girl" school has been seamless because of the professionalism and dedication of the staff and the friendliness of St. Christopher's families.
~ Faith B. (254-415-7980)

I have sent both of my boys to St. Christopher's since they were three years old. My older son graduated from Pre-K at St. Christopher's last year and went on to flourish at public kindergarten. He was a very shy boy who grew so much during the Pre-K year through love and proper curriculum. Within his first month in Kindergarten, he received a school award for having the most confidence and being the friendliest within his class! From there he has just skyrocketed. I think it has to do with having such a solid Pre-K foundation. My younger son is now in his Pre-K year and will graduate to public Kindergarten in the fall. I can already see the changes in him as well and look forward to much school success. St. Christopher's takes into account each child's individual needs and truly gets them ready for Kindergarten. I am thankful and very blessed to have been able to send my boys to a top notch school for our preschool years. We will miss St. Christopher's this fall! ~ Rachel (mother of Pre-K son and former Pre-K son) (254-833-6335)

St. Christopher's Preschool is such a blessing to our family. My daughter not only loves her teachers but the entire staff is a family, she looks forward to going and enjoys talking about Jesus Christ.
~ Freda M. (706-761-6719)

St. Christopher's is wonderful! Of the 4 preschools I have experience with, it is by far the best. They provide a very caring environment and at the same time manage to prepare the children with the skills, both socially and academically, our children need for Kindergarten. ~ Erin L. (210-323-2043)

St. Christopher's Preschool has truly been a blessing to our family. Both of my children have attended and loved every minute. I have seen them grow to have a love and passion for learning and take pride in tasks accomplished all on their own. My oldest son, who is now enrolled in Pre-K with KISD, was reported to be one of the brightest in his class. When he started preschool he was a little behind his peers. I believe that he is not just thriving but excelling because he attended the best preschool ever!! My youngest son had a rocky start being away from mom, dad (deployed), and big brother but now he runs into the classroom and waves goodbye with a smile.

St. Christopher's Preschool has structured lessons and every activity involves learning through arts and crafts, games, story time, and, of course, Chapel. The directors and teachers are kind, nurturing, caring and truly love what they do and they love your kids. Even more impressive, all the teachers know my child's name! I have told all my friends, neighbors and strangers on the street that this is the best preschool around. Your child will be happy there and learn all they need to know to prepare them for school. Thank you St. Christopher's for all you have done for my children and our family and if we have more children, I know without a doubt where they will be attending preschool. ~ Elicia D. (mother of a 5 and 3 yr old)

When I moved to the area a friend of mine suggested checking out St. Christopher's Preschool. I am so thankful for that recommendation! St. Christopher's is a wonderful place for your child to start their love of learning! My daughter was a student for 2 years and we loved it! The number of students enrolled is smaller (compared to some other local schools) so the classes are a perfect size and lend to a "home-like" feel. I highly recommend St. Christopher's!

~ Mary V. (254-768-0447)

Our daughter, Sawyer Grace, truly loves attending St. Christopher's Preschool! Over the last two years, she has developed many friendships and a close, comfortable relationship with each of her teachers. We have been very pleased with the entire staff, as well as the directors. Although Sawyer anxiously awaits attending Kindergarten next year where she will get to go to school "every day", we all will greatly miss St. Christopher's and the wonderful people that make this school a perfectly balanced learning experience. God shines a special light on this school!!! ~ Dr. and Mrs. Todd Roach (254-680-7774)

My son's first year of school was a HUGE success thanks to St. Christopher's. Mrs. Dorothy and Mrs. Carla care so much for the children at St. Christopher's and take the time to get to know the children and their families by name, which I think is fantastic. My son's teachers, Mrs. Margaret and Mrs. Ashley, were awesome and made each day at school fun for my son. They also set time aside to work with him on a more advanced level when he excelled in certain areas. In all, St. Christopher's is an excellent educational environment as well as a loving environment for my son. We are moving after this school year and I hope and pray I can find another school as wonderful as St. Christopher's. ~ Megan H.

St. Christopher's Preschool has been such a blessing in our lives. Our 3 year old is thriving in a loving and nurturing learning environment. The class sizes are small to allow for great one on one time when needed. We look forward to continuing our daughter's preschool years at St. Christopher's Preschool and starting our twins when they are old enough to join the St. Christopher's Preschool family!

~ Kristen A. (254-368-9861)

St. Christopher's provides great education in a loving environment. My daughter came in over half way through the year and I have found the teachers to be so extremely patient in transitioning her into the classroom. With our family facing another deployment, I can say with confidence that St. Christopher's is the place my child needs to be for that extra boost of positive encouragement and structure she will be needing! ~ Dana F. (931-472-8505)

We can't say enough wonderful things about St. Christopher's preschool. Our son loves it so much and is sad when it's not one of his "school days". He is loved, nurtured and taught so well here. There is a definite family camaraderie amongst all families and staff at St. Christopher's. Everyone is so friendly and shows the love of Christ, not only to the children but their parents too. Our son's school years are off to a great start.

~ David & Kristi D. (254-226-1794)

St. Christopher's is a fantastic place to bring your child for a quality education in a loving, enthusiastic environment. We are repeat customers and recommend St. Christopher's to all of our friends who are moving to the area. ~ Beth A.

My family and I came to St. Christopher's Preschool for the first time in August 2005. My then-three-and-a-half year old twins were both enrolled as students. I will never forget the first interaction our family had with the preschool. We drove to the school and Mrs. Carla was there and warmly greeted us. Mrs. Carla made our family feel comfortable and at home right off the bat as we sat in the school office filling out our twins' enrollment forms. My children were treated like extended family members while students at St. Christopher's. My husband and I were impressed with the family-focus and family-focused events sponsored by the preschool! Being a family of strong faith, we also more than appreciated the genuine focus on faith of the preschool.

When our family received orders back to Fort Hood in the Fall of 2009, I immediately called and emailed Mrs. Carla all the way from our then-home of New York to inquire about enrolling our youngest son at the preschool. For us, it was a family affair and we wanted him to have the same wonderful, warm preschool experience that his big brother and sister had! My husband and I almost couldn't believe our good fortune, in that a slot became available for our youngest son! We couldn't have been more thrilled. On his first day at St. Christopher's, Mrs. Carla and Mrs. Reynolds stood at the front doors of the preschool with open arms, ready to greet us and welcome our family back to St. Christopher's! It was like going back home! The care and instruction given to my son was second to none. The family events, such as the family picnics, Mother's Day Tea, The Olympics, were so special and well-organized. And the graduation at the end of the school year was so beautiful and seamless.

If you are seeking a warm, family-friendly, loving, genuine, enriching preschool for your child(ren), St. Christopher's Preschool is the place to be! Any questions, please feel free to reach me at: enjoyscrapping@gmail.com or at naakp@aol.com. ~ Kelly R.

We have been with St. Christopher's for almost four years. My oldest attended only one year, but learned everything and more needed for Kindergarten. My youngest will graduate this year. He has a speech problem and did not start talking till he was three. The teachers have always been very patient with him. I have no doubt he will be ready for Kindergarten and I have St. Christopher's to thank for that. The teachers take the time to work with each and every child. The student to teacher ratio allows the children to get one on one teaching so the children can learn. It is very comforting walking into the school and all the teachers know your child's name, even if he is not in their class. I will be sad on graduation day to let this school go, but happy knowing that another child will enter and receive the love, attention, and knowledge he/she will get at St. Christopher's. This is a wonderful school, your child will love it and so will you. ~ Debbie I.

St. Christopher's Preschool is a wonderful place. The staff is loving, caring and dedicated to educating the children. My daughter went there for 4 years before we moved to NY. She was able to skip Kindergarten and go directly to first grade where she is excelling and reading at a second grade level due to the excellence of the teaching staff. The school is very clean and inviting and the staff is always upbeat and cheerful. I would highly recommend this school to anyone who is interested. I would have kept my son there for 3 more years if we hadn't moved. ~ Brooke M.

St. Christopher's Preschool is an absolute blessing. It was recommended by a friend of mine and I am very glad that I was able to enroll my daughter in the program. The teachers are the best and the children do get the one on one help by the teachers. My child has learned so much from St. Christopher's Preschool. The whole staff is wonderful and very loving. My daughter was having some difficulty with potty during the 1st week of school and within 3 days she was out of pull-ups. I couldn't have asked for such a great school. There are only positive compliments from this family about St. Christopher's preschool. We will miss it when my daughter starts Kindergarten. We will never forget what a wonderful place St. Christopher's Preschool has been. ~ Swanson Family

St. Christopher's has exceeded our expectations, proving to be a place of education in a fun and joyful environment. Our daughter is so excited to go each day, which is by far the best part for us as parents!
~ Tracy D.
